

BOARD OF PARDONS SAVES A MURDERER

Fred Gruber, Condemned to Die at Boise Yesterday, Goes to Prison or Life.

Special to The Tribune.

BOISE, Ida., Oct. 4.—Condemned to die on the gallows today, Fred Gruber, murderer of John Billings, was snatched from death by the state board of pardons, which commuted the extreme penalty of the law to life imprisonment. The hour fixed for Gruber's execution today was between 8 a. m. and 2 p. m. The board commuted the sentence at about noon today.

The decision that Gruber shall spend the balance of his days in the penitentiary to atone for the committing of murder is the result of a long-continued fight in the courts resulting in an appeal from the Eighth district, Coeur d'Alene, where he was tried and convicted, an appeal to the supreme court, which upheld the verdict of the lower court, a setting of the date of execution twice, and the granting of a reprieve in order that the pardon board might give the condemned murderer one last chance to prevent hanging by the neck until dead.

Gruber killed Billings in cold blood near Coeur d'Alene by beating him over the head.

Then he buried the body. He was convicted on circumstantial evidence and this saved him from death, for the board gave him the benefit of the doubt.

Prior to the action of the board, Gruber declared he would have to be carried to the gallows if he was to be hanged.

When he was notified of the commutation of sentence he wept with joy.

BRITISH DUKES BUY BIG BLOCKS OF LAND

VANCOUVER, B. C., Oct. 4.—The duke of Sutherland and the duke of Portland, two of the richest land-lords in Great Britain, are acquiring vast tracts of land in British Columbia. The duke of Sutherland will assist 5000 of his Scottish tenants to come to British Columbia and live on the duke's new holdings, and the duke of Portland will bring over 1000 of his English dependents.

The duke of Sutherland has obtained control of 12,000 acres of land on the Fraser river, near Fort George, and is seeking more land in that district. He had previously bought 50,000 acres of prairie land along the Canadian Northern in Saskatchewan. The duke also owns farm lands in the Okanagan valley and lots in Edmonton, Battleford, Lloydminster and Prince Albert.

The duke of Portland's interests reach into the state of Washington, where he expects to send English colonists.

The Human Heart

The heart is a wonderful double pump, through the action of which the blood stream is kept sweeping round and round through the body at the rate of seven miles an hour. "Remember this, that our bodies will not stand the strain of over-work without good, pure blood any more than the engine can run smoothly without oil." After many years of study in the active practice of medicine, Dr. R. V. Pierce found that when the stomach was out of order, the blood impure and there were symptoms of general breakdown, a tonic made of the glyceric extract of certain roots was the best corrective. This he called

Dr. Pierce's Golden Medical Discovery

Being made without alcohol, this "Medical Discovery" helps the stomach to assimilate the food, thereby curing dyspepsia. It is especially adapted to diseases attended with excessive tissue waste, notably in convalescence from various fevers, for thin-blooded people and those who are always "catching cold."

Dr. Pierce's Common Sense Medical Adviser is sent on receipt of 31 one-cent stamps for the French cloth-bound book of 1008 pages. Address Dr. R. V. Pierce, No. 663 Main Street, Buffalo, N. Y.

To Sing for President

MME. LILLIAN NORDICA.

THE appearance of the great diva at the tabernacle tonight takes on added interest through the fact that President Taft will be a guest at the concert. The president will not arrive in time for the first part of the programme, and it is expected that an enthusiastic ovation will be accorded him when he enters his specially constructed box later in the evening.

WATERMAN TO LEAD THE FORLORN HOPE

PROVIDENCE, R. I., Oct. 4.—When the Democratic state convention met today Lewis A. Waterman, who led the party last year, had no opposition for the nomination for governor.

In the platform adopted President Taft is severely condemned for vetoing the tariff bills because "these bills came from a Democratic house."

The platform commends the Democratic members of the sixty-second congress, "who so faithfully carried out the pledges of the Democratic party in passing much-needed tariff legislation."

AMUSEMENTS

TABERNACLE—Mme. Lillian Nordica in concert tonight.

SALT LAKE THEATRE—"The Commuters." All week. Curtain \$1.35.

COLONIAL THEATRE—Billy (Single) Clifford in "The Girl, the Man and the Game." All week. Evening performance, \$1.35.

ORPHEUM THEATRE—Advanced vaudeville. Matinees daily at 2:15. Evening performance begins at 8:15.

GARRICK THEATRE—Garrick Stock company present "Sherlock Holmes" all week. Matinee today, 2:15.

SHUBERT THEATRE—Shubert Stock company will present "Down in Alabama" all week.

The long-anticipated concert by Mme. Nordica, assisted by Myron W. Whitney, bassist, and E. Romayne Simmons, pianist, and the tabernacle choir, will occur at the tabernacle tonight. The sale of seats has been unusually large, the promised appearance of President Taft adding interest to the occasion.

According to articles, the diva has never been in more splendid voice and the concert tonight should be the big musical event of the season. Of Mr. Whitney the Washington Post says: "He has ceased to sing in the reflected glory of his father and shines now with his own art, which is great and quite worthy of the great singer he assists. His enunciation is perfect, while his voice has all the richness and magnetism that distinguished his celebrated father. He should make a pronounced success in grand opera, for he is an actor as well as a singer."

"The Commuters," this week's attraction at the Salt Lake theatre, is from the pen of James Forbes, author of "The Chorus Lady" and "The Traveling Salesman." The play is a farce of suburban life in which Mr. Forbes suggests a way to reform suburban husbands, who have their wives but lean toward highballs and the hilarity of bachelor freedom. One home "This house is temperance," any liquor except what Mr. Brice carries in"—is a good sample of the subtle humor that permeates the piece from start to finish.

Capacity houses are greeting jolly Billy (Single) Clifford in his musical comedy, "The Girl, the Man and the Game," at the Colonial. Billy is again ably assisted by Jack Trotter in the comedy line, and Maude Collins in one of the most pleasing vaudeville ever seen on the Colonial stage. "The Girl, the Man and the Game" will continue through the week, with a matinee on Saturday afternoon.

The "Mon Amour" souvenir matinee given by Anella Stone and Armand Kalisz at the Orpheum yesterday afternoon proved to be a pleasing event and was thoroughly enjoyed by those who attended. The souvenirs were bottles of delicate perfume called "Mon Amour" and were distributed at the conclusion of the act, which was placed last on the bill for the occasion. A reception was held on the stage and many of Mr. and Mrs. Kalisz's Salt Lake friends enjoyed a brief visit with them.

There is probably not a man, woman or child in the United States of the theatre-going age to whom the name of Sherlock Holmes is unfamiliar. The Garrick this week is offering William Gillette's version of one of the most sensational of the Doyle stories, which bears the name "Sherlock Holmes" and the piece has struck a responsive chord with Salt Lake theatergoers. Next week's bill at the Garrick, beginning Monday evening, will be Theodore Dorr Sayre's drama, "The Commanding Officer."

The stirring, romantic military drama, "Down in Alabama," which is well presented at the Shubert this week, is doing record business. The story is that of a young officer in the northern army whose sweetheart is a southern girl loyal to the cause of the south. The young officer's struggle to remain true to his country, at the same time retaining the love of his sweetheart, is deeply interesting and well worked out by the Shubert company.

The Desert Stock company, a home theatrical product, will open at the Colonial Sunday night, October 8, with a brief engagement. The initial bill will be "Lynwood," a story founded on incidents of the play the interest centers on a love affair between a southern girl and an officer of the federal army. After closing at the Colonial the stock company will be taken on the road. Tom Osborn, who will play the leading male role—as well as several other members of the company—is well known to many local theatergoers.

Lame back is one of the most common forms of muscular rheumatism. A few applications of Chamberlain's Liniment will give relief. For sale by all dealers.

PROTECTION OF THE CHILD THE KEYNOTE

Closing Session of the American Humane Association's Convention.

SAN FRANCISCO, Oct. 4.—Protection of the child was the keynote of the addresses delivered at the closing session of the American Humane association's convention here today. Dr. William O. Stillman of Albany, N. Y., was re-elected president of the association, and the delegates tacitly agreed to hold the 1912 convention in London, although the final selection was left to the board of directors.

In the work of child protection, the delegates were a united front in declaring that the greatest danger was in the home. E. W. Newhall, president of the California Society for the Prevention of Cruelty to Children, in his address, "An Ounce of Prevention," said in part:

"It is the home that must be corrected first. Give the child proper environment and let his elders teach him the right way to behave rather than by neglect. Juvenile homes are excellent institutions, but if parents did their duty there would be little need for such places."

Child desertion is on the increase in the United States, according to the Rev. W. A. Robinson of Cincinnati, president of the Ohio Humane society. He said there was a growing tendency on the part of parents to turn their children over into the world ill-fitted for the battle of life. He urged the passage of laws to correct this evil.

The following officers were elected: John I. Stortell, Chicago; Mrs. Caroline Earl White, Philadelphia; E. W. Newhall, San Francisco, vice presidents; N. J. Walker, Albany, N. Y., and Edgar McDonald, Brooklyn, treasurer.

GEN. REYES SAID TO BE PLOTING REBELLION

MEXICO CITY, Oct. 4.—El Pais today published a sensational telegram from San Antonio, Tex., to the effect that the followers of General Reyes and the deposed president, General Diaz, have established a junta in that city and await the arrival of Reyes. The telegram permits the inference that a new insurrection is to be begun.

The paper also publishes a dispatch from Juarez saying a revolt will be begun before December 1. General Madero, the president-elect, attaches little importance to these reports, but it is understood that he is taking measures to keep himself well informed of developments.

General Reyes, who abandoned his candidacy for the presidency just before the election of Sunday, last sailed from Havana for New Orleans yesterday.

Samuel Espinosa De Los Monteros, president of the Central Reyista club, is said to be in San Antonio. A cablegram received here Sunday from Reyes said he was going to San Antonio.

Probable Cause of Suicide.
SAN DIEGO, Cal., Oct. 4.—Judson R. White of Chicago was found dead from gas asphyxiation today in his room at a local hotel. The coroner's office has been called. He is believed to have been dependent because of ill health. He was 55 years of age, and is said to have a niece residing in Chicago.
